### THE BEST WOODY

The lovely club of spicy and woody smoke notes is wondering what side it should join – light or dark? And it has cookies from the dark side. I love the perfect harmony of cardamom, guaiac, and musks.

### THE BEST EAU DE COLOGNE

When looking for the most lasting citrus cologne, choose this ginger spicy cologne based on geranium and amberwood materials, created by Jean Claude Ellena and Lucien Ferrero. I would love it if the citrus collection *Viaggio in Italia* would be continued in Anthology.
