Elementals Collection: The Five Main Elements

Fragrance Reviews

According to ancient Chinese wisdom, the Universe around us consists of five elements - Water, Wood, Fire, Earth, and Metal (while modern chemists argue with this). The theory of the Five Elements underlies many Chinese teachings - traditional medicine, martial arts, and Feng Shui. The secret of success,

The **Elementals** fragrances are available through the brand's official website and in several boutiques in Switzerland, Norway, Germany, Dubai, UK, and Italy in Eau de Parfum concentration. 100 ml bottles cost 165 EUR, the 15 ml bottles of the Zero Waste Edition cost 39 EUR, and their Discovery Set (5 x 2 ml) costs 30 EUR.

Earth

*"Central to everything. Under the right conditions, Earth gives us all that we need to nourish our body and soul. **Earth Elementals** is a warm embrace that transports us to a calm, healing, and balanced space. A nurturing and soothing fusion that cocoons and grounds the body."*

*"Metal is the clear, crisp yet sometimes unsettling air of Autumn. It is the time of year when we look inward and reflect. **Metal Elementals** sparkles with the brilliance of courage, strength, and inner wisdom. An innovative marriage of pungent herbs and spices, infused with a hint of Birch Tar that melts into a sea of white blossoms, revealing a bold olfactory experience that is both regal and divine."*

Fire

*"The pinnacle of Yang Energy. It is about power and passion. It is sensual, fickle, and explosive. **Fire Elementals** is a warm spicy blend of naturals that ignites your sensuality and gently caress the soul. Splashes of Ginger and Bitter Orange combined with luscious blossoms, energizing spices, and rare woods awaken your spirit."*

Wood

*"Wood represents Spring and the rising Energy of the East. It is about growth and creativity. **Wood Elementals** awakens your senses like a walk in the woods on a sunny Spring morning. Precious woods are combined with bold florals and uplifting citrus notes to kickstart your Chi!"*

Water

"Water is essential to all life on Earth and represents the height of Yin Energy. **Water Elemental** conjures up the clarity and freshness of a mountain stream gushing through the hills after the first melt of snow. An uplifting yet calming blend of herbs and spices combined with florals and aquatic notes that nourish the soul."

Deane Wyland-Fries, a Feng Shui consultant with many years of experience, suggests rebalancing the five elements and the energies of Yin and Yang in your life with the **Elementals** fragrance collection, introduced in 2018.
